

# DEMO-GRAB

**Demolition**  
**Sorting**  
**Waste Handling**  
**Material Handling**  
**Rock Handling**  
**Scrap Handling**

- Range of Heavy Duty grabs to suit excavators from 2.5 – 27 tonnes
- Manufactured using high grade structural and wear-resistant steels, for exceptional durability
- Unique jaw design transfers loading away from cylinder and onto main frame
- Extra-large bearings on pivots
- Single central cylinder
- Simple/ Durable/ Reliable
- Low maintenance costs
- Available with or without 360 degree continuous rotation
- Diverter valve option – enables grab and rotate functions to operate from one double acting hydraulic circuit

**“Perfect Partners”**
